

Green Earth Fighter instructions

step 1

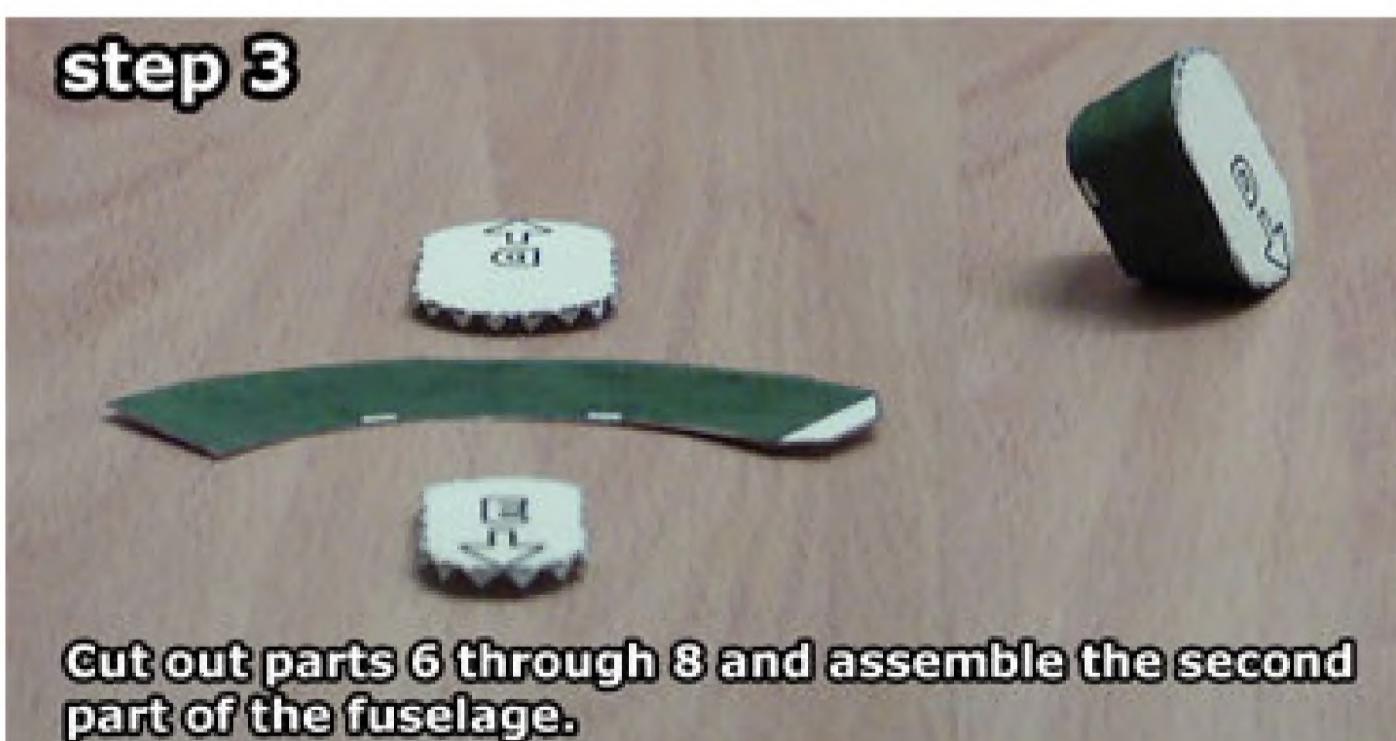

step 2

Cut out parts 1 through 3 and cut out all six slots on part 1.
Assemble the first part of the fuselage and attach parts
4 and 5 as indicated.

step 3

Cut out parts 6 through 8 and assemble the second
part of the fuselage.

step 4

Cut out parts 9 and 10 and assemble
the third part of the fuselage.

step 5

Glue all three parts of the fuselage you have so far together.

step 6

Assemble part 11 and glue it to the back of the fuselage.

step 7

Glue part 12 to the back of the tail section.

step 8

Cut out and assemble part 13 and attach part 14 as indicated.

step 9

Assemble part 15 with the colored side in, then glue part 16 in the middle.

step 10

Glue part 17 into a small cone and glue it to the center of part 16. Then glue the whole to the backside of part 13.

step 11

Assemble part 18 with the colored side in, then glue the cone-like part 19 inside, aligning it with the black line.

step 12

Glue part 20 together with the colored side in and glue part 21 inside.

step 13

Glue part 20 to the back of part 19, then glue the whole inside the back of part 13, aligning the edges.

step 14

Push the two small tabs on part 13 through the slot on part 1. Fold one tab up and the other down and glue them on the inside.

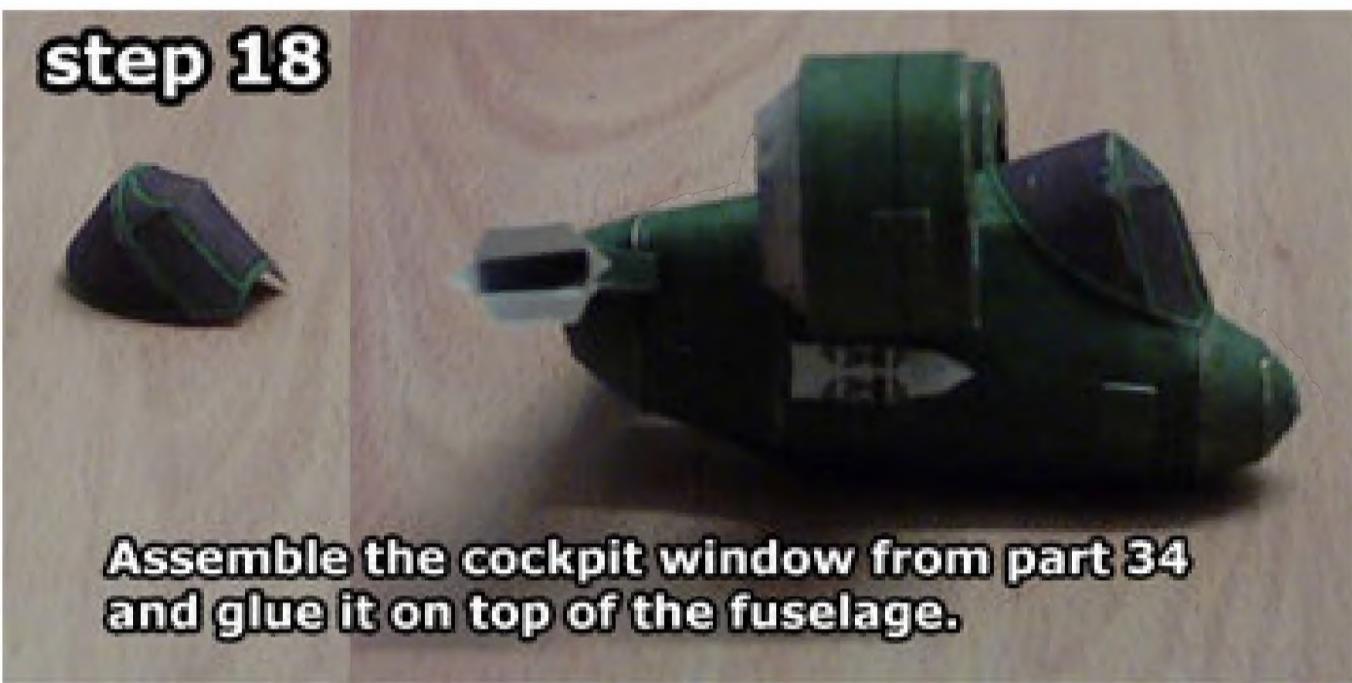

Repeat steps 8 through 14 for parts 22 through 30.

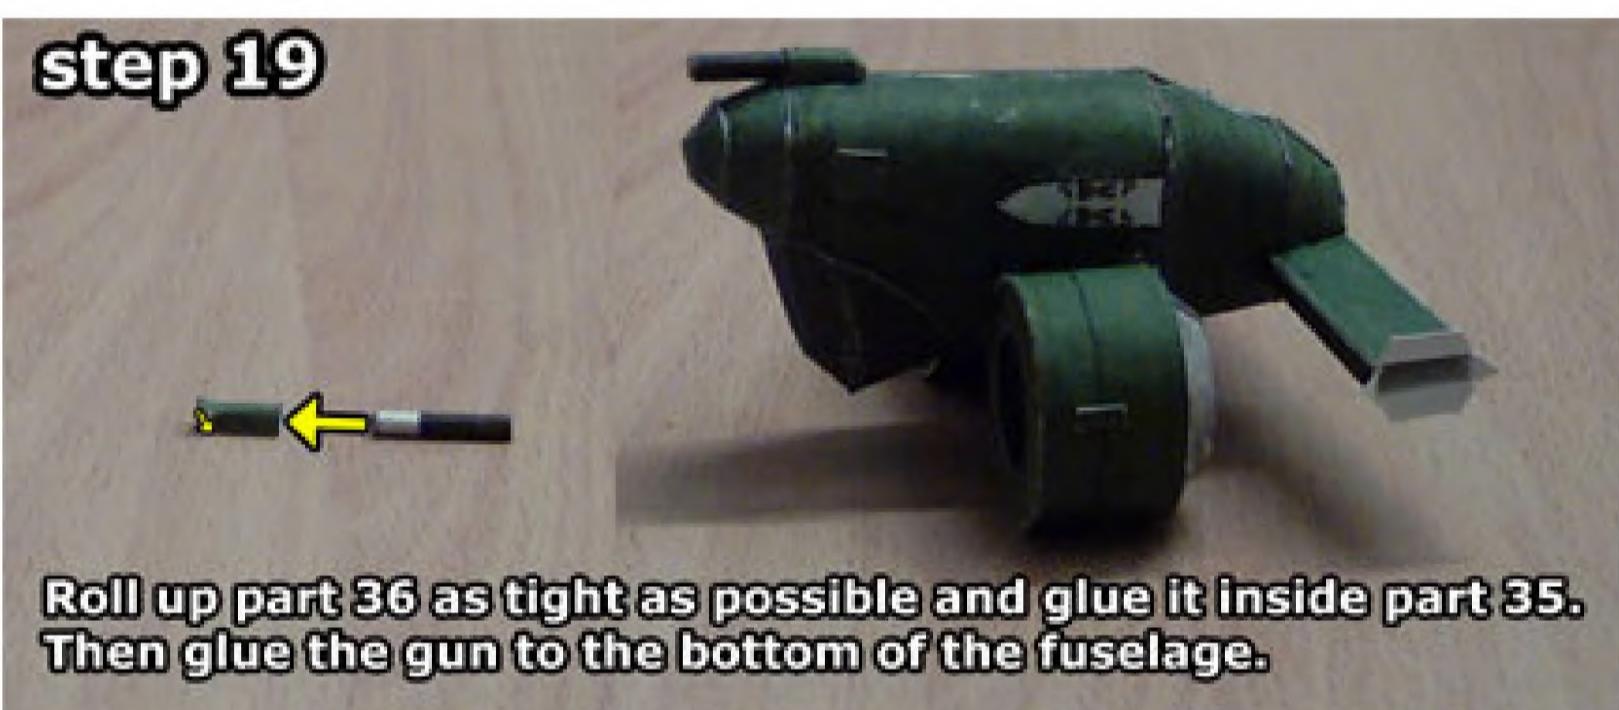

Cut out parts 31 through 33 and assemble the nose section.

Glue the nose section to the rest of the fuselage.

Assemble the cockpit window from part 34 and glue it on top of the fuselage.

Roll up part 36 as tight as possible and glue it inside part 35. Then glue the gun to the bottom of the fuselage.

Cut out part 37 and slide it over the tail of the plane. After that, fold the tabs on part 39 back again and close part 37. Don't forget to glue part 38 to part 37.

Do the same for parts 39 and 40.

Assemble the wing from part 41.

step 23

Glue part 42 together using smooth folds for the front part.

step 24

part 42

Glue part 42 to part 41 as indicated.

step 25

Cut out part 43 and fold it double.
Pre-shape the side-flaps.

step 26

Cut out part 45 and fold it together
in a cross-shaped cross-section.

step 27

Slide part 45 through the slots on part 44.
Do the same for parts 46 and 47.

step 28

Glue the two missiles underneath
the side-flaps on part 43.

step 29

Glue the missiles underneath part 42 and glue the wing to
the fuselage, pushing the tabs through the slots on part 1.

step 30

Green Earth
Fighter

Repeat steps 22 through 29 for parts 48 through 54.
Thank you for downloading and building a Ninjatoes' paper model!!!
